

Dear Parent,

We would like to introduce you to PowerSchool. PowerSchool is the best way to remain informed and get up to the minute updates on your KMS students.

With the PowerSchool program, KMS accesses and maintains student, staff, and schedule information. Kenai Middle School uses the Internet to manage student information and parent communication.

The PowerSchool Parent Portal gives parents access to real-time information including attendance, grades, class fees, lunch balances, assignments, school bulletins, and messages from teachers. Everyone stays connected and parents are able to participate in their student's progress.

Once your account is created, you can manage your account information, link multiple students to your account, and modify your notification preferences. If you've forgotten your account sign in information, you can retrieve them by using auto-recovery.
